### Feedback summary(Students):

Based on the feedback collected from various stakeholders such as students and faculty following observations are found:

- 1) More workshops related to practical knowledge should be arranged so as to improve practical base of students
- 2) Latest technologies used in industry need to be included in curriculum
- 3) Career guidance and future scope and application oriented knowledge should be added in curriculum
- 4) For improvement of communication skill and to improve interview skills for placement of students should be added in curriculum
